

## CEMETERY LOT PURCHASING INFORMATION

*We appreciate your interest in purchasing property in one of our cemeteries. Please find our current pricing, and rules & regulations, on the appropriate document on the website. The first step would be to contact one of our Trustees to find out what lots are available. All contact information is found on the website. Once the specific lot(s) is identified, you will fill this document out for deed purposes, and give the document to the trustee. In turn, the document will be given to our Fiscal Officer to process the deed. The Fiscal Officer will contact you to attend a Trustee Meeting where the payment will be collected, and the deed executed with the appropriate signatures.*
